Dear Lovell Folks:-

Have been receiving letters from you like mad but like a damn fool, forgot to bring em over here with me. I guess I'm getting a lot of em 'cause I didn't pick any up for 3 days last week. I did get one from you this morning, however. But only do letter this afternoon.

I went to school last night & will continue to go until I graduate & that should be in Jan from now. I hope!!

I didn't write yesterday 'cause I was busy studying. Sorry. I don't like the devil to miss writing one day.

If you really would like to talk to you again Monday. Could hear you fine but wish you had been there, Dale. So you thot I sounded funny, eh Mom? Well, I almost lost my voice for a few days there but it is ok now. And, for some reason or another, I was in quite good spirits that day. I guess it was my "vacation" & getting away with it!!

Rec'd a swell letter from Ruth yesterday. Also a clipping out of a "mag" showing a girl propped up in bed writing "her Guy" — as Ruth put it — just like does. Boy, she's really a keen gal. I don't know how Guy rates, as well with her. I guess it's just the Whitacre hair — ed. Dad's. He's mighty lucky — just think — a family like you & a girl like Ruth! I'll wont discuss Guy future in-laws!

I'm glad you're sending me cards, thy razor — also. I think you should keep it for yourself, Dad, that stands a million! Tell Mary that this mighty popular cut like & the guys want more cookies. Say my for more cookies & a picture they'll make her their "pin-up-girl"!! Hint! Hint!

No, I haven't had a chance to see Amanda — or Ruth but I did see Guy the other

is really good & plenty full of actors!!
Glad you got my things & lights fixed OK,
as I need it. Thanks!

Yes, it's mighty cold here. Zero till around noon (evenings) & then up to 20 or 30 & then about 6, if goes down again. Forgetting used to it now tho! First thing we do when we get over here at the S.C. is get coffee & warm up. Still kind of bleak & like it lots!

Felt Grandma & watch that banned Barclay Sanders! Was so good!!

Our barracks is quarantined with scarlet fever but we can go to school, show, & the Saturne. Will not injure it be awhile but we are. Say be here at least much longer than I had planned because of it. D—!

It hasn't snowed out here for several days but the snow doesn't melt. Was had snow—about a foot—on the ground ever since home morning. Was last Wednesday

as hell working now, it. I'll be glad when I get there with sunny islands in the So. Pacific !! Ha ha. What do you say, Mom?

Gave this all for today as we have to go to the Dispensary at 2 o'clock for a check-up against Scarlet Fever. More later !!

Till tomorrow

Love Stan ..

P.S. Wish me luck in school

— Thanks

Stan
