Dear Pals:

No letter yet today but please I'll
have some this afternoon — I hope.

As I said before. I lost my arm
& won't be able to get another till now
Dad — & maybe not then if they don't
have 'em. So excuse the scribble, please!

I went to the show. "Ali Baba
& the 40 Thieves" — new version — last
night & then some new from the H.C.
for the house. Had a good time but
saw with I had my home here!
Cross? Who me? Yeah. miss like!
Cross about that. Cross!

I tried to get on the phone
yesterday. They ask the call three at

-2-

first but was weren't home so I
told her to try again in half an
hour + after 45 min. I didn't
hear anything from her. so I
called & she said there was a 2
to 3 hour delay + that she'd forgotten
my call. so I told her to cancel the
down thing + tell me today (Tues.).
These two damned independent!

I'm aiming over to the school
to pay + try to pass a cash check
for him. Hope I can make it for
him. It'll be good practice for me
+ a favor to him. He could pass
it when in time but doesn't want to
wait around 3 or 4 weeks building

-3-

up his code word & I can't see as,
I blame him at all!

I'm still not on the alert yet
but should be by the time you
get this letter. I'm in no hurry yet
as Quinlan & Moore didn't make their
reckless yet.

No. This don't show home just
yet. Quinn's Dad isn't living & he
has an attack night and has his
Machin & can't make it.

Some was with Moore. His parents
are both living but he lost his
brother who was an Air Force Capt.
overseas & it almost killed his Dad &
he cannot work because of it.

No dance tonight so I think I'll

try to get her on the phone & try to
Marie & Mariopie if I can. I
really hope. I haven't mailed
Sullivan index to her yet.

Will's call her now -

Love

"Gunner"
