Dear Swell Family:-

This is gotta be short cause
I'm dead tired + have to get up
~~at 5 a.m. tomorrow + go to~~
school. I'm having a H- of a
time getting used to these hours
after going to bed at midnight
+ getting up at 10-12 noon
while down at Kearns.

Today I was on detail
clearing up an officer's stks. You
see they are here for assignment
of crews, too, + I guess they can't
take a chance of dirtying their
nice uniforms by clearing their
own stunks so we S.I.'s have
to do it! I sure gripes me!!

I wired you last night &
after insisting that I had enough
dough, asked for five bucks.

It isn't here yet but I'm sure
it will be by tomorrow. It

~~sometimes takes a long time~~
it has to come out from S.F.C.

I have a million!

One of the fellows got a
pass today & go down to Kears
& try to get me mail but to no
avail. I was really hoping for
a couple letters. I shall start
getting them by Sat.

I think that instead of send-
ing Ruth any thing for Valen-
tines or for our Anniversary

that I'll phone her for one of us
& send her roses for the other!

Fin planning to phone you
guys the day I go on the alert
so you'll know about when Fin
leaving here. I hope it's soon
& Dear that it's Thursday that
we go on the alert but doubt
I very much 'cause it'd be too
good to be true.

With the exception of 4 pairs
of socks, an undershirt & pair of
"long johns" every thing I washed.
Last night is dry, mild, & put away.
You're damn right it's clean & white!
It should be! I didn't know the
correct proportions so used a
whole bottle of Clorox + 2 boxes
of "Daz". It sure is a whiff &
have it done & have clean
clothes & wear! Fin proud!

Sorry I got the quilt but I'm
dead so I think I'll get a drink
+ a — + hit the hay!!
