ARMY AIR FORCES

Dear Small People:-

This green ink is actin' to be a habit isn't it? Well. I'd have the ink & it's Pomeroy's Pen.

I really liked the inkpot in mail.

Yesterday evening after I left for the Sq's. Club. It was all from home except for one from you that was sent here from S.I.C. I got six from you, 4 from Ruthie, + 1 from Grandma. Not bad, eh?

Dad, there is not gonna to be a lecture! It's gonna to be what is commonly known ~~as~~ in the army as an "ass chewin'" + boy, you're gonna get a good one right here! What the hell is the idea of you blunkin' history? You're not the best damn teacher in his school for it. You're not the brains, + yet you think - fail! Listen, buddy, you're not to settle down + realize that school isn't just somethin' to take up your time. It's a place to learn things that you're gonna need later in life. I know, you saw "What do I care about"

-2-

what a rod is somethin' that happened a few thousand
4 years ago gonna do me"! Then sure as hell wouldn't
teach it if it weren't gonna be needed some day! Ticker,
Dale, I went clear through his school & never got an
"F". I came close, sure. & when I got in college,
I got plenty of em but it wasn't because I was
dumb! It was just because I didn't give a damn & that
I was gettin' away with somethin'. You're not to hear
down here it you expect to get these Cadet copies that
is plenty damn tough! C'mon, Fella. how about
just in' lookin' around. settle down. & get down to busi-
ness just as a favor to me. I don't think that's too
much to ask of you as long as I know how nec-
essary it actually is. Please. Dale. do it for me if
nothing else. Thanks, Budda!!

I'm a vis' over the the P.X. so till later,
So long —!

Here I am. back again.

As I told you last time I went to the 445
Club I assure u will wanna know somethin' about it.

3.
Well. it costs \$2 to join & then a buck a month
after that to maintain membership. Sats (Buch, Stall,
Tech, Muter, & Fiel) are the only ones allowed mem-
bership. No Pots, Dks, Cols, or others allowed.
There's about 250 Wacs on the Field & they are
allowed regardless of rank just so long as not officers.

reacher, loop, beer, coke, juice box, dance
floor, etc. & an orchestra for dancing even Sat. nite.
Oh, yes, & "one armed bandits" too. I had the
jackpot \$2.50 - on a nickel one Sat nite.
It's really pretty nice & a good place to sit. ~~not~~

Yes. I remember Mrs. I saw her well. I think
that she would die long ago. It's too bad but she at
least had a nice long life. I'd say at least 90 years.
I don't think it appropriate. Dad, tell Claude that I
offer all my sympathies cause I'm truly sorry that
she had to go.

Dad, you yourself, may never be able to deal
out any punishment to the Japs for their atrocities but
inside the next 5 or 6 months, I may possibly be able
to get a couple for you! I'm sure that will be sent into

the So. Pacific + it so. I promise faithfully to try to
fill as many of the Sons of — as I can.
I'd sure like to take one prisoner. I'd sure aim him
hell!

So then are still pullin' diarrhea outta B.H. The
de home town will be milled down before long! I tho't
Paul Mersha was too old to go. I'll bet Ham Kookie
to have. It'll do a lot of 'em good!

I got a total of \$5 on the letters yesterday. It
took long enough gettin' here but it'll be useful. Thanks!

tip We have a laundry + a cleaning service
here so I won't have to do my own washin'. I don't
feel that I'm too good to do my own but it's a hell
of a nuisance + besides I'll be doin' plenty of my
own one o' these days 'cause I don't imagine there are
no laundries where I'm at!

I still don't have a steam on my watch
+ it but as soon as I can get into town. I will have!

I'm still holdin' my weight at about 145 or 50
+ it's not soft either! I'm on the best shore. health +

Condition that I've been in + I'm gonna stay that way!
They gave us 12 Salicylamide Pills in 2 days
here. I guess they've been having a lot of Rheumatic
Fever + figure that the pills will take care of it.
I think I have about 5 or 6 shots to take Tues.

I've missed a shot you called Ruthie.

When I go overseas, I won't be able to call you
so why not call Ruth once in a while or stay?!
You're damn right she's a sweet + wonderful girl!

I like the guy who stole Dale Brush's
#80 cause I know Dale very well. I don't see
how there could beast him for what he did. I'd
do the same thing!

I gotta write Ruth. Quinn. Rosen.

Loelina. Lewis. • Van Montgomery. + Sam Mc Dermid.
The girl in Hoke. not so till tomorrow —
