Dear Snell Folks:

I wrote you yesterday but haven't ~~mailed~~ mailed him yet. Rec'd 3 letters from you + one from Jean, the ad in H. 2 of yours were forwarded from S. P. C. I should be all caught up by now. The one which came direct, was P. O. marked 12 a.m. the 14th so you can see that it's quite fast mail!

It was swell to talk to you Monday night but sure was a fast 5 min. I'm sorry that you weren't here. Dad. Guess will have to talk longer next time. And, Dale. I hope you don't think I was mad about your grades. I was much anxious + concerned.

We P. O. mailed yesterday + I got 3 shots (Typhus, tetanus, + Cholera) + a vaccination for Smallpox!! You should see my arm! All but one shot went into my left arm + last time it was twice as big as normal + both of 'em are still sore as hell!! I don't mind the ~~after effects~~ needles but I hate the ~~after effects~~ after effects!

three more shots this coming Monday!! Woe is me!

Also found out that will be on my way overseas by March 11th & no furloughs! Nice eh? Don't worry, I'll be overseas 4 or 5 months before I see any combat.

I bought a new pair of O.D. Pants yesterday. \$1.95. Couldn't actually afford 'em but I got 'em anyhow.

This morning I got my physical made & took a "64" Physical. Passed, Perfectly! "In the Pink!" It's the same type of physical as you will have to take for Cadets, Dale. Be in shape!

I will be supposed to fly tomorrow, we "Bribe" at 6:30 a.m. tomorrow, & I'll know for sure then. I'm sure anxious! I still have a lot to learn & am ready to start.

It was to be sure had about 1942. What in the world will Majoria do now? She has the gun of course, but if she gets any sense she will go back to teaching. Miss Bell did it & had 2 children at the same time. I'll send her a card as soon as I get the chance to buy one.

I rec'd a letter + card from Ruth. 2
Valentines from you. + a letter from Dixon,
a guy I knew at Kearns who went to B-29's.
I sent one to Ruthie + am sorry I didn't
get one of to you but I couldn't find any that
were appropriate.

Poe was just here to tell me that He.
Barber, Tydd, + I fly tomorrow. Pilot, Co-
Pilot. 1st Engineer, + Radio Man respectively.
The weather is ok + if they have ships enough.
Poe is really an ok guy! I couldn't ask for a
better Pilot! He, Barber, + Castillo, the Bombardier,
are all 2nd Lt's. and all of us enlisted men but
Tydd - a Staff Sgt - + Kilgore - a Col. Pom-
grow + I are the only ones of the 6 enl. men.
who are eligible for good conduct Ribbons. We
are observed at each post + have to have so many
"Excellents" on our Ser. Records in order to get them.
Kilgore, Pomgrow, Castillo, + I all wear the same
size clothes all around. Good Dad!

means get one for Ruth - it's good enough. What
