

Fri. Eve.

10:20

3-17-44

Dear Smelt Family:

As you can see I forgot my pen + as I am in the day room + it is raining outside I'll have to do it in pencil. I'll have to scratch this in too + have to go out of the range tomorrow morning.

We let her again today. May-
Two from you tomorrow. I suppose
my mail comes every other day.
Just so I get it - That's all
that matters!

Flew 5 1/2 hours today but
my Linsen Set was shorted
out so I just rock around. Sit
up in the Armchairs' compartment
+ had a small time listening to
music on the Radio Compass +
looking things over. I don't have

to worry about getting anything done
as I'm still - & have fun for
over 2 weeks - way ahead of every
one else.

We fly again tomorrow weather
permitting - & at 20,000 ft. Have
I use oxygen masks. Some fun!
Can't smoke with those damn things
on. & it is some of work, without
a smoke is a long time!

Went to a show tonight: "Chip
off the old Block". Enjoyed
it a lot since it was a musi-
cal comedy. Quite a change
from Propaganda Pictures
& things of that sort.

Druggan, Tudd, Prosser,
& I went over to the hospital
tonight to see Kilgore. His car
still runs & he doesn't know

when he'll get out. The night
nurse loaned him a radio
so he's getting a good rest.

Still getting good food
& feeling fine. Hope Nurse
Cord is better now. Mom, &
that you are all right, Dad
& Dad.

Till next time

I love
you all

Alfred

P.S. Saw by the paper that
the old Falcons lost by 4
points in their first game.
Oh well, they & the "LS" are
still tops in my estimation!
"Whit"
