Dear Swell Family!

My day off + here I am in camp! I have money enough to go & leave but we left at 6 a.m. + I didn't get back due to the snow till 4:30 so I'm mighty damn tired! I slept a couple hours then got up & ate, showered, shaved, & put on some clean clothes. I am going to try & answer a few letters & then hit the sack for good!

No mail from you today but I guess there'll be 2 tomorrow. I don't remember if I mentioned it in my last letter or not but that was a very nice letter that Jan wrote you, wasn't it? She's a swell kid. I'll try to remember & enclose it this letter.

Here some good news:
Of the 75 pilots in this 3rd
Phase, 16 of 'em are getting 1st
Lt. when they leave here & Poe is
one of 'em! Now that? That's my
point - the but there is!!

I have a cat lying on my
lap asleep so don't mind if there are
a few hairs mixed up in this letter.

I hope Standen's leg is better
by now. It's not good at all for
a woman of her age to fall. Hope
it isn't too serious. Tell her I said not
to use any Christian Science on it!!

I can't, for the life of me seeing
Dick starts working for anyone else this
night, tho'. I'll never work for anyone
else. I'll either be with someone or
by myself. Tell him I said I stay night

PERRY out of it if he can. Look what
it's getting him! Looks
like that shouldn't have to go on -
was!

My chat didn't bother me at all,
Morn, & I think Jim all done taking
em for another 5 or 6 more, then I
have to start all over on all of 'em
again. What a life!

Some with I won there & help you
in the yard, Dad. You wouldn't have
near as much trouble getting me & help
as you need to here! Ha Ha!

Say, Dad, Dad took a picture
of your fanged up lip - did you
take a picture of him without his
teeth? I'd like to have one Ha Ha.

The boys are all fine & as well
as you, Morn. Did I tell you that
field was married last Sat. wife & the
married a girl from his home

town in Michigan. I haven't met
her yet but those who have say
she's very nice. Good luck to
you. They'll need it!

You guys are doing a good job
of taking in the show. Lots of
even more all your mentioned
& enjoyed in my mind. Wonder

how the run of shows is in Long?

Say, Pat. how about hitting

your "fig" too. in on the serious run
of the affair with the Dearborn gal?
The sound might be fine & me. Give
me a description sometime & let me
in on your "love life"!

Look, I was fixing that fence
about 2 years ago & never got it
finished. Tell you what, you get me
a foreman & I'll do it - right - &
like the job!

Say, who - & when - did
Dick Durnigan marry. It's new
to me!

Take like Pitman field very
well as down nearly anyone else.
He got his gunner in Sando.

By the way, I had 6 eggs,
sunny side up, & 3 bowls of
milk for breakfast this morning.
How's that sound?

I have 200 hours in the
air this ~~year~~ phase! I'm credited
with about 35 tho' as for "taxi time"
counts, too. Also have type in ac-
companyment for the flight. Give
damn right I'm bagging!

What you got to talk to
my honey. I'm gonna phone
Sat. sometime.

Which reminds me - I have
to write in yet write & write
others, if I can stay awake so till
tomorrow

Love You All

Ferris
