Dear Small Family!

What a lousy day this is! Fog

thick as smog & chilly as hell.

Guess I'll let them it tho!

as to my cold; it is prac-

tically gone & doesn't bother me

at all any more.

Had a fine time last night. There

were some WDC's there so I danced

quite a bit. Mom is taking a fine

gal. from Chicago. for a wife.

Here's some bad news: 3 ships

cracked up yesterday. The nose wheel on

the first collapsed when landing but

no one was hurt. The other 2 went

into the mountains last night. I

don't know ^{yet} if I know ^{yet} or not.

Well, my handwriting is

worse every day!

Well, Dale, who are you
betting on this season? The
Tigers are picked for the bottom.
St Louis. & Phila. & down
downside.

I think I'll go to town to-
day & get my laundry & may-
be go to a show to write. I'd like
to go riding but the weather won't
permit.

Wm. is putting "WHIT" on
the back of my Winter Flying jacket
in old English lettering. He's down
good at it. ~~That~~

I had to go down to supply
& get another parachute bag - #2 -
Today 'cause some son - stole
mine.

No mail this morning but

PERRY

³ maybe I'll hit it lucky
this afternoon. - I hope.

There is a rumor going
around that if we go overseas
on a boat instead of flying,
that will get a 10-day delay
en route but I doubt it very
much. I'm certainly not plan-
ning on it. It would be so
good to be home & get home
again before going over.

I just called Poe & he says
that we not only don't fly but have
a 2-day pass - but I'm not finan-
cially equipped to go where I like
to go - Denver.

Excuse me while I phone
B. S. O. & put the "kite" on
my folks. Be right back.

See, I was hoping you'd all be
there but it was swell to talk
to you. Dale. His surprised that
you were there. Thank a million for
paying my message & thank you,
Mom & Dad, for the money I know
you'll send.

They won't give us more
than 2-day passes 'cause they don't
want us to go home. Lovely people!
See!

Gotta quit & shower & shave
so till next time —

I Love You
all
Glen..
