Dear Small Family!

Whew! What kind of weather are you having back in good old Ohio? It's hot as hell here & I'm not exaggerating - very much!

Rec'd several letters from you yesterday - one direct & the others forwarded col.

I've been on the run ever since I got back. I made it back okay, incidentally, & so did Fadd & Lilgon.

We only stayed at Huntington one day & night & have been processing ever since we got back from there.

Have nothing to do till tomorrow at 5 p.m., however, so we're

all going to Kansas City to-
morrow for one last big thing.
Don't worry, I'll be careful!

I have a million for
the dough. I got the wire
today & will pick up the money
tomorrow in town.

Sorry your Mother's Day
card will be late & that I
couldn't send more. Mom, but
you know I love you & thank
you for every thing, don't you,
Honey? I love you!!

As I said, we are subject
to censorship but Lingerman
takes a chance & tell you that
we're almost positive of going to
England & should be there by
the end of next week or soon!

I tell you that because I know you will tell me one until I can satisfy you that I'm in the English theatre.

It seems odd that any-one spilling any beans was back in Ohio could affect a group of planes & several hundred men who are having dinner for B.C. & tomorrow but never think fast!!

We're getting lots of new equipment here. A lot of our stuff - such as trucks will be taken away from us - some changed - & some altogether new & different. Every thing is the very latest equipment.

As for our ship - it's a

"J" model instead of an "H"
+ is a later model +, of course,
better. Will show about 8
hours in it + Pe + Barb say
it's the smoothest thing they
can show. I'm anxious to try
my hand at the controls!!

I'll write again tomorrow
+ tell them —

you know I love you all!!

Steve
