Dearest of all Families!

Wrote mail today. Three of 'em
to be sent - all from you. See, it
sure is good to get mail again! The
mail written May 25-26-29. They
were quite slow in getting here but they
had to be delayed from that tempo-
rary APO I had so that accounts for
a lot of the time. Even so I hope
when using my present address that
it'll take 10 days to 2 weeks getting
here.

Glad my watch arrived ok. Did
the letters that I wrote around me
reach you? I hope they did but I won't
need a "consortship" yet & they may

not have gotten them then.

Yu, I wish I had seen them when Ruthie was there! I'd give any-thing I own to be with her right now. I guess you know how that 'cause you were apart during the last war, Mom & Dad, but Ruth & I have had so little time together & so many ups & downs that it seems will never really be together for any length of time. We will tho. - someday!

Glad to know that she's thinking of going to Bee Lee to school next year cause I'll probably be home some time during the school months & it's sure to be fun & have her right
