Fri. Eve.

Dear Family:-

This will have to be short because I went to a movie here in the hospital tonight & just got out.

Got well letter from you today written Tues.

I bought a Father's day card for you yesterday, Paul & wrote you a short letter to accompany it but didn't feel much like writing anything to the whole family.

I went down to the dentist yesterday & got my teeth filled. Love - I hope

the sound of that drill?
 Then this morning I had
 to go down & have the fittings
 polished & the dustiest debris
 like the job that was done
 on one of our roves he
 drilled it all out again &
 refilled it. Thank God I
 don't have to go back any
 more!

I'm still working on my
 neck. It is a different
 kind than the one I used
 over at school & I got
 all mixed up but hope it
 straightens it out tomorrow.

I'm feeling swell now.
 The throat & neck are still

SIoux FALLS, S. DAK.

a little sore but I should
be out of here by Sun. or
mon.

I figured - like a damn
fool - that maybe some
of my bad luck would
find a change so I ventured
into a card game today
- dropped \$3 & quit. I just
can't win! It's been quite
some time since I tried &
it'll be a hell of a lot longer
before I try again.

The weather here is swell!
The sun sitting out in the
sun a lot & really am
getting a sun tan. It's

-4-

getting to be just like a
vacations but you'll
like to be spending it there!

I'll appreciate the maga-
zines, Dad. And sure that
latest one & I'll see if the
U.S.O. wants the other sent
kindly to them or what.
Thanks.

I want to see you
here in the hospital, Mom.

You see if you will you
go there & if not you get
your breakfast in bed or a
tray. Pretty soft, eh? The food
sure is good & plentiful here
at the hospital!

Till tomorrow — I'm
thinking of you all — all the time
Love, John.
