U. S. AIR FORCES

Dear Lowell Family!

Hit the ole junkyard today - 6 letters:
3 from you forwarded from my old A.P.O.,
1 from Eric Sande, 1 from Sunny, & one
from Jean Mc D. I'm in a payed about
the latter. She seems to think that just
because I was writing quite regular, asked her
to come up to Ogden, & that she was a swell
kid that I'm in love with her!! All those
Mormon gals like to get married right off & that's
her idea. I haven't given her any cause to think
I love her or anything. I just enjoyed correspond-
ing with her. I did neglect to tell you that I was
engaged. She knew about Ruth tho'. What should
I do? Write & set her straight? I don't want to hurt
her but she doesn't have a chance in a million.

Don't think I can say too much about this
shuttle bombing & I don't know too much about it
I do think it's a good idea, tho'. I'll be glad when
we can operate from here in Russia.

Yes, the invasion of France is going ok
& now that it's started, it should speed the
end of the war a lot.

That was also quite a raid over Tokyo.

I hope it's a series of bombings & not just something
more & belated morale like Doolittle said. Of course
the latter raid helped the 2a's & the future ones too.

So Gordon's engaged again. He doesn't
waste time, does he? Hope it's different from the
last one. His crew had some tough luck.

Yes, Mom, don't worry. I'm eating fine
& feeling well. I was getting kinda soft laying
around in the States & loafing but I'm getting in
better shape now. So like I'm in the condition I was
when I came out of grammar school.

Coke again & Mike + I hafta get up early
tomorrow so till next time

I Love You All

Shane

P.S. By the way, your mail isn't censored so
you can say anything you like.
