U. S. AIR FORCES

Dear Mom, Dad, & Hal!

Rec'd another letter from you
& my first from Richie yesterday. Would
have written last night but I got into a 500
Rummy game & it took me too late.

So you know another guy who
is hard to wake up, eh Dad? They tell
me that I'm the hardest guy in the squad
to get up. Guess it's hereditary!

This letter will have to be short
as I have a code class & some other
business soon & want to go swimming &
have time.

Say that letter in 6 days are good
time. Your last took 12 days but I won't
grudge as long as they get here.

Weather is fine here & I'm really
tanned! Chew remains the same - good.

Conversing restrictions are so ~~change~~
that this little I can write you. Oh well,
we'll have later talk about some day.

Ruthie is going to summer school at
O. S. W. Her folks won't let her go to B. S. U.
because of the "Pige". Baloney!

I think my address of Rad, Bucken
is so old to be correct. How about
giving me the latest. Thanks.

How's the love life & job going; Dale?
You ought to be a sharp character ~~to~~
working for Mass. I'm still looking for
a letter from you!

Has the college yearbook, the Key,
come out yet? Probably not. I want one
when they do tho. Thanks.

Love go so til next time -

Love
You all
Chuck.
