Dear Small Family

A nice day of it do as I always
please. Said is still till 11 this eve.
& then went to church. Read a book &
then I saw I could copy on some
better writing. It's not as well done
but still nice & not long around.

We got the 5 & shave & 10 &
hair cut right here on the field, Dad.
Then all 2 City London here in the yard.
100 & they have their "shop" in a tent.
Not bad & still not good but better
than shaving yourself. Well, just let
our friends go but if choose you
must & wear an oxygen mask for
several hours over a head. They're
so dumb now it's time to get
both a hair cut & shave at the same
time.

I wrote from London sometimes &
haven't said any news yet. Of course,
no letter had a long way to go & so

will his answer.

As to the crew picture, Mom, Possum & Myers are along side me. Here's the names: Left to right standing, Kilgore, Judd, Weber, Myers, me, & Possum, kneeling, left to right are Castillo (Squad. L), Poe (Pilot), Barber (Co. Pilot), & Walker (navigator). Kilgore is the Ball gunner, Judd - m-gunner, Weber - waist gunner, Myers - nose gunner, Possum was the tail gunner, & I'm in the top turret. If you'll look at the picture of a B-24 you'll see that there is a glass dome on top with two guns projecting from it. That's me right up there & I really like it a lot.

So Tommy Vail is a poppy now. I'll let his really handling out the cigars. What did they make the baby? Tell I say nice going.

I don't see how the censors
 turn back my letters when they
 can't read 'em. I don't know how any-
 one can read my handwriting. I'll
 have to buy another typewriter when
 I start back to school. It just
 gets worse all the time.

One could go for some
 nice cold milk? All this Wop
 stuff as Tubercular & the milk we
 get is dehydrated so I just go with-
 out any. Chew some nice good & stay
 staying in fine health. I'm anxious for the candy to
 get here. Also need the Sakaki Tunes
 badly. There is a limited supply here
 & for the reason can only have 2
 pages issued as they don't go very
 far.

How's the money for swimming
 now, Pak, Boy. What I would like to give
 to take a nice dip in the Lion Kill
 & then snooze on the rocks for a few
 hours. And better not have Ruthie
 with me! Yum Yum!

4-
Say, fella, how's your love-
life coming? Lenny been down yet?
Have you been to Centennial, Triannon, Cedar-
Point, Indian Lake, etc. yet or
much this summer? Mmm. A nice
sport coat, slacks, sport shoes, white
shirt with a sport collar, knit tie with
a Windsor knot, nice date, nice movie.
Spree in 10 days! "Good day!!"

Santa get some other
letters off so till next time —

Love You All
