Dear Family:

I guess I'll have time
to write a couple of letters
today. I've really been busy
lately with the Range in-
struction. I was supposed
to go out & get more instructions
on the lat machine you
yesterday but was waiting
for the phone call & missed
it. We are supposed to go
out & shoot today but be-
cause of missing yesterday I
may have to wait & go with
the next bunch.

Wesley Spencer, one of
 the boys whom I've been
 with since Tucson City, got
 word this morning that
 his grandfather had passed
 away & his mother was
 in very poor condition be-
 cause of it. He is waiting
 for a Red Cross fare to
 come then. He was al-
 most broke so I loaned
 him a "jag". I'll get it
 back when he gets back. The
 poor guy is about nuts!

It was more well
to talk to you last night.
And it'll more to meet &
see you all again. I can
& I will see about the
room as soon as possible.
I'm going down to Mr. O'Leary
Room & see if I can get
my name as soon as I get
out of school. I say right
you get here. That way
I can see you about as
soon as you get in & spend
the night with Dad.

To-morrow yesterday in case
it was Sunday.

It looks like the Gommers
are just about the Pills
(David) & the Deep Blue
are now. I should
take much longer I know
silly off & then I guess
Rush will be in today.
I think we have the nation
people convinced but it
remains to teach their
heads some sense. I
guess we can do that all
right!

I want to clean out
my foot locker & read the
newspaper. I thought this
morning so I guess went
tomorrow. I'll have to quit.
Maybe I can write more
tomorrow.

I am fine & all around.
A kick out of some
bitch S ———— day!! The
world is better.

Tell my son I say
hello & I may see you some
on the 1st of 44. Love John...
