Dear Family :-

Well, I have seen to
dow, made my bed,
straightened my clothes, &
cleaned around my bed. Now
I want to clean my shoes,
sort my laundry & take it down
I suppose, take some cleaning
& my dry cleaner, share
shower, & etc - , & then
try to find time to read the
Globe & follow it on the
map. Bought a paper
last night & this morning.

too getting so they are when-
ever I go to church. That
kitchen - but this one is
an immense thing is at the
kitchen + this is the - all men
will come to right back
where they started - or
further - if that has been
holding out or something else.
And the Yankee is ~~that~~
sitting here the one boy
right now is the "corner
pocket" - there by the way
I mean - the right hall. I
may push 'em right into
the sea! What about it?

Things are too quiet out for
the other side of the river
I had long been thinking
is due to go there before
long. I don't say things
but I'm sure different than it
was for a while.

I heard - or read - a good
one yesterday. The Spanish
had and Italian over-
and took their first
eye in a tunnel & when
over the river starts out, our
boys stuff it with machine
guns & such. Please save

The doughtrage, we having
 a wonderful time waiting
 & waiting for the inevitable
 stande this out of action
 on the line. To find as soon
 action stands! They are
 down their list of standing
 people. This thing of
 making Berlin an open
 city is a lot of fuss!!
 & mania we supposed to be
 one too! With such a much
 to do with it being bombed
 we try to do. I see they
 are deciding is Germany
 won't do any good to Berlin
 'till we can't they are now.

Waiting Britain and we are
still dropping the "tone".

Last night the papers an-
nounced Churchill's visit
to Canada. When he &
Roosevelt get together won-
dering big always paper. More
do what it is the time?

Those two guys in the world!
He always wins three
in a crisis & always has
& always will!! I have
plenty of faith in that! He
& only the man will rule
the world. The United Nations
policy makers of the world

after I was with. I hope him
but I will always be led
- & not some fanatic
son - like Hitler - who
will rule our destiny!
It's all right by me - that
can never be a greater
leader than God!!!

It is probably well here
~~today~~ today. We had a
lightning storm which
reached last night & it
struck a dynamometer at
school about 2 miles be-
fore dismissed of classes
putting all lights off & then

we had to walk home
in the rain.

Well, if I'm ever going
to do all I have to get home,
I'll better start right now.

I'll be home —

Love to all
Shad.
