Dear Folks:

I have more free time
for writing than I did & till
now. I've been writing Ruth
regularly every day but haven't
mailed any letters to her since
she's been away to school by the
time they got there & I don't care
to have her mother going there
w/ her & her not getting it. She hasn't
sent her new address as yet.
Do you know what it is? I got
only the letter in the mail today.
Probably got two or three in a
batch one of these days.

If Jim is still there or Bud
is home when you get this,

tell him I say hello & that he
 owe me a letter from over
 a month back & tell Bob
 that I haven't written him be-
 cause I'm busy expecting him
 to ship but as soon as I have
 what his new address is, that
 I'll write him the letter I owe
 him. I'd sure like to see those
 two galoots. I think of him often
 & of the times we used to have &
 are going to have again one of
 these days.

See, I guess Willkie & I are
 the only ones of our guys who
 left together who haven't seen
 home yet. Bob was got there
 early when he was in Mexico.
 That poor Willkie didn't even
 get to come home when his

mother did. By Golly, I ~~am~~
sure would have!! Regardless!!

Well, I'll be cluturing up
the house in about 4 or 5 mo.
probably. I sure hope so!! It's
about due. It'll probably be
done in a year in the service
without a foubough. That's too
damna long!! Too long to
suit me & too long to be ex-
plained simply. I get so mad
at those big "shots" some-
times I could butt in all in
the mouth & go to the ground.
But I've retained just a
little too much sense to do that!

I was on field telephone
morning, Texoma today! It was
really a soft job! We went

out this morning & checked all
the wiring & connections & set
around all afternoon.

There is a rumor going around
that we may go back into camp
tomorrow instead of waiting for
Wednesday & go in. That'll sure be
ok. Guess all. We're ready to
go back & those "mild soft
bunks" that used to be so hard
but are really soft after spending
a few nights ~~in the~~ on the ground
in tents! "Does that sound
natural, Dad? I guess we just
give half the time & have our-
selves & don't realize just how
tough things could be! Right?"

The weather has cleared up
somewhat this afternoon & is
still plenty cool but not cold.

Perfect football weather!

By the way, Dad, how is it coming?
Good, hope. Just keep trying,
Saddy, & you'll ~~be~~ ^{be} coach for it.
Remember to keep in good
shape tho; won't you. Thanks!!

We were supposed to fly again
today but it cleared up too late.
Damn the luck! I sure am a
bang for flying now. I shall
get plenty of it over the next
days. The more the better - &
a few of those downy fairs there
in!

If you get a chance to see
the picture, "So Proudly we Hail,"

by all means. No one will
understand why his so changed
anxious to get over there! It
really is a wonderful picture.

Guess that's about all for
tonight as we are eating early
tonight so till next time

Love
Glen
