Dear Folks. 11-1-43

Boy is this ever a hot Sunday. Just like mid Summer in Bee Lee. I have your phone call in & she said there was a 6 hr delay but didn't think it would be that long. — Hope!

I went to town last night after school (9:00) & had a nice big meal & a quart of milk at the Hamilton Hotel & then walked around for a while & then came back to the barracks & went to bed about mid night. I was planning if you call in early this morning but didn't wake up

until 11:30! Boy it was swell to be in bed late! It's been a long time since I've had that much sleep in one night.

Received letter & 2 from you both yesterday & today. Thanks millions!!

I don't blame you for being sore or disappointed Dale, but I think you'd be smart to stay on the team. I know how hard you've worked but if you'd do right that's all that is to it. I also know that you have what it takes & I want you to stick it out till the end of the season. If you do or if you don't, I want

that I appreciate it a million!
Thanks, Lots, Kiddo. Thanks
a million yes anyway.

I suppose you are wondering
why I haven't sent the stuff
I bought in Russia. Well,
I had it put in two boxes &
didn't have enough paper &
string left & to top one of
the boxes I am waiting for
my laundry & one back so I
can wrap the other. I'm
going down the one I have
wrapped tomorrow for sure.
Hey I haven't sent it sooner.

So you're in the apple
business, eh, Dad! Ha
Ha! what not?

Yes, Mom, we have asked about Sunday & of course the answer was no! From the way they talk tho, we may be able to get one just after we leave Salt Lake City. I am up for graduate the 21st of this month & should be in Salt Lake City around the 25th & when I get there I get an exam on Radio. They mail the list of questions & the exam & we in code class had two. I mean I tell you it is really tough! If we don't pass the 1st, 2nd, or 3rd we take a 3 day refresher course & then if we ~~don't pass that~~ take the test again. If we don't pass it

Sept. we take a 3 week navigation course + then take the test again. If we don't pass it then we will no longer be Radio men and will have to go to another technical specialty. If we do finally pass it, we go to the O.T.U. Base where we may get a furlough before we start training. If not, we may get one afterwards - like Bob was supposed to - I think I can pass the radio exam but probably after the 3 week course. Then all I'll be at basic + probably more - 2 months be

for I get home. At least
I'm getting close to it!
They say they can't give us
a furlough now because
we're not assigned to a par-
manent squadron but we will
be when we have Salt Lake
for a home. Time now
but I'm sure we'll
get some fine days I
had it & will probably come
~~get~~ this week!
I don't think I'll care
to be Bob Whittaker
for the ball game yesterday.

I'll bet it was a hell of a mess with all the boys on furlough. I bet Hans the boys a bit bit! Glad I got the two clippings on the team & Yoder this morning. Sir. Will the boys about here often. He's a real ball player. Will probably be home soon as he always gets a furlough after football season.

Guess this about all for now as I want to go over & wait for your call & go down. I'll write

Love Paul.
